Tianyun Lei Week 2 Report

Tianyun Lei 1454701

Tasks Accomplished:

- Participated in the team discussion to clarify task allocation for this semester (1 hour)
- As I transitioned to the front-end team to assist with front-end tasks due to the reallocation of responsibilities, I discussed current progress and next steps with the front-end team (1 hour)
- Finalized detailed task allocation with Yukun Fu, focusing on course admim dashboard，coursecreation，assignment creation，rubric configuration (30 minutes)

Issues:

- No major technical issues.

Next Week’s Plan:

- Start working on the assignment creation and rubric configuration features.
- Begin drafting the API documentation for course administration.
