Weiran Xu - Week 4 Report

Weiran Xu, 1454343

1. Tasks Accomplished This Week

- Worked with Yongchun to complete the acceptance criteria. (3 hours)

Epic 4: Assessment Structure Configuration

Epic	User Story ID	User Story	Given	When	Then
Assessment Structure Configuration	4.1	As an administrator, I want to set up academic periods (year, semester, subject) so that assessments are properly organized within the correct academic context	That I am logged in as an administrator	I create a new academic period	The system allows me to define start and end dates
Assessment Structure Configuration	4.1	As an administrator, I want to set up academic periods (year, semester, subject) so that assessments are properly organized within the correct academic context	That I am creating academic periods	I attempt to create overlapping periods	The system prevents creation of overlapping periods
Assessment Structure Configuration	4.1	As an administrator, I want to set up academic periods (year, semester, subject) so that assessments are properly organized within the correct academic context	That academic periods exist	I view or edit existing periods	I can see and modify period details
Assessment Structure Configuration	4.2	As an administrator, I want to create specific assignments linked to subjects, designating them as individual or group based so that the booking and marking process aligns with the assignment type	That I am logged in as an administrator	I create a new assignment	I can link it to a specific subject and set it as individual or group type
Assessment Structure Configuration	4.2	As an administrator, I want to create specific assignments linked to subjects, designating them as individual or group based so that the booking and marking process aligns with the assignment type	That I am creating an assignment	I set assignment details	I can specify title, description, due dates, etc.
Assessment Structure Configuration	4.2	As an administrator, I want to create specific assignments linked to subjects, designating them as individual or group based so that the booking and marking process aligns with the assignment type	That assignments exist	I edit or deactivate an assignment	The system updates the assignment accordingly
Assessment Structure Configuration	4.3	As an administrator, I want to create and manage fully customizable marking rubrics associated with specific assignments so that examiners can follow a standardized assessment approach	That I am logged in as an administrator	I create a new rubric	I can specify multiple criteria types and scoring scales
Assessment Structure Configuration	4.3	As an administrator, I want to create and manage fully customizable marking rubrics associated with specific assignments so that examiners can follow a standardized assessment approach	That I am creating a rubric	I set weights for criteria	The system applies the weights correctly

- Refined part of the acceptance criteria due to the change in user stories. (30 minutes)
- Attended Sprint 1 retrospective team meeting. (1 hour)
- Attended the weekly stand-up meeting and discussed the sprint to-list list. (1.5 hours)
- Participated in technical stack discussions. (30 minutes)

2. Key Issues Encountered

- Difficult to split the user stories to finalise acceptance criteria.

3. Plan for Week 4

- Start analyzing the data structure in this project and drawing the database diagram.

- Attend the weekly workshop and team meeting to discuss with team members.
- Discuss with team members about the data flow.
