Admin Session Management

Admin operations for session-level settings and assignments

PUT	/api/admin/sessions/assignments/{assignmentId}/sessions/{sessionId}	Update single session
PUT	/api/admin/sessions/assignments/{assignmentId}/sessions/examiners/set	Set examiners for sessions (overwrite)
PUT	/api/admin/sessions/assignments/{assignmentId}/sessions/examiners/remove	Remove examiners from sessions
PUT	/api/admin/sessions/assignments/{assignmentId}/sessions/examiners/add	Add examiners to sessions
PUT	/api/admin/sessions/assignments/{assignmentId}/publish/student	Publish/unpublish ALL sessions of an assignment to student (requires all staffed)
PUT	/api/admin/sessions/assignments/{assignmentId}/publish/examiner	Publish/unpublish ALL sessions of an assignment to examiner
GET	/api/admin/sessions/{sessionId}/examiners	List examiners assigned to a session
POST	/api/admin/sessions/{sessionId}/examiners	Assign examiners to a session
POST	/api/admin/sessions/assignments/{assignmentId}/sessions/generate	Generate sessions (length+gap)

POST	/api/admin/sessions/assignments/{assignmentId}/sessions/batch	Batch create sessions (no timeslot)
GET	/api/admin/sessions/sessions/{sessionId}/publish/status	Get publish status for a session
GET	/api/admin/sessions/assignments/{assignmentId}/sessions	List sessions for assignment
DELETE	/api/admin/sessions/assignments/{assignmentId}/sessions	Delete sessions in batch
GET	/api/admin/sessions/assignments/{assignmentId}/publish/status	Get assignment publish status
GET	/api/admin/sessions/assignments/{assignmentId}/calendar	Get session calendar (assignment)
DELETE	/api/admin/sessions/{sessionId}/examiners/{examinerId}	Unassign an examiner from a session

Examiner Assessments

Examiner assessments: draft, submit, query, summary

POST /api/examiner/assessments/summary Assessments summary

Return counts for draft/submitted, etc.

Parameters Try it out

No parameters

Request body required application/json

Example Value Schema

```

Student Management API endpoints for student operations

GET	/api/students/{studentId}/assignments	List student assignments
GET	/api/students/{studentId}/assignments/{assignmentId}/group	Get group context

Student Booking API endpoints for student booking operations

POST	/api/assignments/{assignmentId}/bookings	Create booking
POST	/api/assignments/{assignmentId}/bookings/{sessionId}/reschedule	Reschedule booking
GET	/api/students/{studentId}/assignments/{assignmentId}/booking	Get current booking
GET	/api/assignments/{assignmentId}/sessions	List bookable sessions
DELETE	/api/assignments/{assignmentId}/bookings/{sessionId}	Cancel booking

Course Management API endpoints for managing academic courses

GET	/api/courses/{courseId}	Get course by ID

PUT /api/courses/{courseId} Update course

DELETE /api/courses/{courseId} Delete course

GET /api/courses List courses (GET)

POST /api/courses Create course

POST /api/courses/list List courses

GET /api/courses/stats Get course statistics

Assignment Management

API endpoints for managing course assignments

GET /api/assignments/{id} Get assignment by ID

PUT /api/assignments/{id} Update assignment

DELETE /api/assignments/{id} Delete assignment

POST /api/assignments Create assignment

GET /api/assignments/{assignmentId}/availability Get assignment availability

GET /api/assignments/subject/{subjectId} Get assignments by subject ID

GET /api/assignments/subject/{subjectId}/stats Get assignment status statistics by subject

GET /api/assignments/subject/{subjectId}/count Get assignment count by subject ID

GET /api/assignments/stats Get assignment status statistics

Super Admin APIs

Endpoints for super administrator management

POST /api/superadmin/courses List courses (Super Admin)

POST /api/superadmin/admins List course administrators

POST /api/superadmin/admins/{id}/status Update admin status

POST /api/superadmin/admins/revoke/{id} Revoke admin access

POST /api/superadmin/admins/invite Invite a new course administrator

POST /api/superadmin/admins/invite/import Import course admins via CSV

GET /api/superadmin/courses/{id} Get course by id (Super Admin)

GET /api/superadmin/admins/{id} Get admin detail

GET /api/superadmin/admins/status Get admin status list (先别测这个！！！)

GET /api/superadmin/admins/check-email/{email} Check admin email

Assignment Member Management

List, add and remove assignment members

GET /api/assignments/{assignmentId}/members List assignment members

POST /api/assignments/{assignmentId}/members Add assignment member

DELETE /api/assignments/{assignmentId}/members/{assignmentUserId} Remove assignment member

Admin Timeslot Management

API endpoints for administrators to manage time slots and session configurations

PUT ~~/api/admin/assignments/{assignmentId}/timeslots/{timeSlotId}~~ Update time slot

GET	/api/admin/assignments/{assignmentId}/session-config	Get session configuration
PUT	/api/admin/assignments/{assignmentId}/session-config	Update session configuration
DELETE	/api/admin/assignments/{assignmentId}/session-config	Delete session configuration
PUT	/api/admin/assignments/{assignmentId}/examiners/session-limits	Set examiner session limits
POST	~~/api/admin/assignments/{assignmentId}/timeslots~~	Get time slots
DELETE	~~/api/admin/assignments/{assignmentId}/timeslots~~	Delete time slots
POST	~~/api/admin/assignments/{assignmentId}/timeslots/{timeSlotId}/duplicate~~	Duplicate time slot
POST	~~/api/admin/assignments/{assignmentId}/timeslots/create~~	Create single time slot
POST	~~/api/admin/assignments/{assignmentId}/timeslots/batch~~	Batch create time slots
POST	/api/admin/assignments/{assignmentId}/schedule/release	Release schedule
GET	/api/admin/assignments/{assignmentId}/schedule/status	Get schedule status
GET	~~/api/admin/assignments/{assignmentId}/calendar~~	Get Calendar Data

Admin Examiner Management

Admin APIs for examiner listing, session limits and assignment

POST	/api/admin/assignments/{assignmentId}/timeslots/{timeSlotId}/examiners	Assign examiners to a time slot
GET	/api/admin/assignments/{assignmentId}/examiners	Get available examiners

token-controller

POST	/token/refresh	Refresh access token

onboarding-controller

POST /onboarding/register Register a new user

GET /onboarding/verify Verify onboarding token

login-controller

POST /logout Logout

POST /login User login

password-reset-controller

POST /auth/password-reset/request Request password reset code

POST /auth/password-reset/confirm Confirm code and reset password

venue-controller

POST /api/venues Create new a venue

GET /api/assignments/{assignmentId}/venues List venues by assignment

csv-controller

POST /api/csv/preview Preview CSV

POST /api/csv/import Import CSV

deployment-time-controller

GET /deploy-time
