Weiran Xu - Week 8 Report

Weiran Xu, 1454343

1. Tasks Accomplished This Week

- Attended the client meeting to have a better understanding of the requirements and catch up on what the frontend team has done so far. (2 hours) Link
- Participated in group meetings to review the client's feedback and discuss how to adjust the current project and assign tasks. (3 hours)
- Conducted research on the booking system API. Unfortunately according to the client's feedback, we seem to implement our own booking system rather than use api. (2 hours) calendar api documentation.docx
- Reviewed a couple of backend PR (#149, #163, #162). (1 hour)

2. Key Issues Encountered

- New to some git operations. Sometimes I need to refer to git documentation to see how to deal with the conflict and how to merge and solve the conflict.

3. Plan for Week 9

- Work with Yongchun to redesign the database diagram.
- Prepare for the contribution presentation.
